## BIG CONCERN INCORPORATED.

Yost Co. Will Begin Busi-  
ness January  
First.

THE CAPITAL IS \$10,000.

Will Manufacture Harness  
and Deal in Ve-  
hicles.

Articles of incorporation of the Yost Co. have been forwarded to Frankfort. The capital stock is \$10,000, divided into shares of \$100. Delbert D. Casey is President and manager and Harry A. Yost Sec'y and Treasurer. Business will begin Jan'y 1st, 1907. The new company has leased the large 3 story building adjoining the Kentuckian office, known as the "Racket Store." Many changes will be made in the building in order to make it suitable for the business. A large elevator is to be put in and a gallery in the rear. The harness manufacturing department will also be in the rear. This building is better adapted for the business than any other in the city. All three stories will be utilized and the company was fortunate in obtaining a lease on it.

The officers of the company are among the best known people of the city. Mr. Delbert Cayce has been with the Planters' Hardware Co. since its organization. Mr. Harry Yost is the popular harness and buggy man, who has been in business on South Main since he was a boy. It is useless to say that these popular gentlemen are fully competent to handle the large business that will soon be theirs, and that the people can trust them to the utmost in supplying their wants and giving them just what they pay for.

Mr. Yost has been doing a large business for a number of years and a short time since added wagons and buggies. He has been wonderfully successful in his new line and in his new quarters and will be better able than ever to satisfy his many customers.

The company will manufacture harness for the wholesale trade, as well as supply the wants of the individual customer. It will carry an unusually large stock of buggies, wagons and other articles, and will be able to compete with any house in this part of the state.

Mr. Frank A. Yost, manager of the Crescent Mills, is one of the incorporators and will be able to induce much business for the new concern. In his position at the Mills he has become acquainted with nearly every farmer in the county, and with the combined efforts, coupled with the general popularity of the three gentlemen named, at the head of the Company, there is certainly a bright outlook for a large business. Success to them.

## AFFLICTED WITH CATARRH— LIFE HAD BECOME A BURDEN.

Pe-ru-na, Used As a Last Resort, Affords  
Complete Relief.

MRS. F. CARR.

The Relief Experienced By Mrs. Carr Through the Use of Pe-ru-na, After Having Tried the Best Professional Treatment in Vain, Is a Matter of No Small Wonder Among Her Many Friends.

Mrs. F. Carr, Vineland, Ont., Can., writes:

"For several years I was afflicted with catarrh, which made life a burden.

"The coughing and hacking which accompanied the disease was terrible.

"The complaint finally extended to the stomach and I was in a wretched condition.

"I tried different remedies and the best professional treatment all in vain.

"Finally, as a last resort, I tried Peruna upon the recommendation of my sister in Hamilton.

"I could see steady improvement and after using four bottles of that precious medicine I was feeling well again, my

old trouble being completely a thing of the past.

"To-day I would not take one thousand dollars for what this grand medicine has done for me."

Many women owe their lives to Peruna. A great many more owe their health to Peruna.

A multitude of women throughout Canada are using Peruna as a preventive and a relief from catarrhal coughs and colds.

We have in our files a great number of letters from grateful women who have been benefited by Peruna, with permission to use these letters in public print.

Catarrh would not be such a curse to the human race if people thoroughly understood its nature.

Catarrh is a disease which never improves of its own accord, but becomes deeper seated the longer it is neglected.

It should be treated at once to prevent it from making inroads upon vital organs.
